They will consider the cache/other hidden object, and whether there would be a negative impact to the park area. The hidden object may be placed on a provisional basis to be certain of exact location and impact issues. Publication on the internet cannot occur until permit is approved. If a permit cannot be issued for that location, the owner must remove the container within two (2) weeks. Unclaimed containers will be removed by Geauga Park District.
3. Hidden object must be in place before you submit your application.
4. Permit is valid from date of issue to March 1 of the following year. A permit extension can be requested if there has no detrimental impact on the environment. Permits may be renewed a maximum of three times. Hidden objects must be promptly removed after permit expiration.
5. Permit holder must agree to the following conditions and regulations:
 - a. Monitoring of the cache/other hidden object monthly;

Family friendly means the cache/other hidden will NOT contain food, alcohol, firearms, drugs, and dangerous or adult items.
 - c. Direct people searching for your cache/other hidden to follow established trails most of the way to the location. The Park District discourages off-trail hiking, as it can negatively impact sensitive natural areas.
 - d. Become familiar with Geauga Park District's Rules and Regulations found at www.geaugaparkdistrict.org. You are responsible for any violation or damage to park property directly related to the manner in which you hide your cache/other hidden object.

Permit holder must agree to indemnify, hold harmless, and if requested, defend Geauga Park District, the Board of Park Commissioners and their officers, employees, and agents from and against any claims arising out of any and all personal injuries, property damage or other losses or expenses experienced, suffered, or sustained by any person or entity during or in connection with the exercise of the privileges herein granted.
